

# Framework Gap Report

Live tenant compliance-program records. Readiness is not certification or a claim of compliance.

Elite Claims · Report date 2026-09-13 · SR-CMP-20260913 · Generated 2026-09-13 20:18 UTC

## Honesty

Readiness and coverage are not certification, attestation, or a claim that this organization is compliant. Not applicable is not pass. Evidence presence is not pass. An attestation is not a control test. An exception does not make a control effective. Residual risk does not change unless Supreme Risk recalculates it.

## Gaps
